Windsor, N. H., July 14, 1927.

Auditor's Certificate

This is to certify that we have examined the books and other financial records of the School Board of Windsor, of which this is a true summary for the fiscal year ending June 30, 1927, and find them correctly cast and properly vouched.

Charles Russell,
Florence M. Nelson,
Auditors.

To the School Board of Windsor, N. H. the report of the Supt. of Schools for the year 1926-27 is hereby respectfully submitted:

This year we had eight children in school for at least part of the time, Stanley Nelson at the Washington High School, Mary and Norman Chapman and Edgar Jones at the Upper Village School, Jane Clement, Mae and Dorothy Manworren and Mabel Wheeler at the Dole School. Jane attended only fifteen weeks and the Manworren sisters only six weeks.

The schools in Hillsboro and Washington which our pupils attended were in session 172 days, and the four children who attended the whole year were present an average of 159 days, making a percentage attendance of 93%. Mabel Wheeler was present every day at the Dole School, and was the only one in that school with perfect attendance; and Stanley Nelson had a perfect attendance at the Washington High School. To have two out of four pupils with perfect attendance is unusual, especially when we remember that all our children must attend out of town schools.

There were 68 visits by parents, 4 visits by members of the School Board and 64 visits by the Supt. to the schools attended by our children.

This year an opportunity for high school education was offered nearer home, and our only eighth grade pupil took advantage of it. I refer to the Washington High School. It was opened in Sept. 1926, with an enrollment of six pupils, with Miss Doris Elliott, a graduate of the Keene Normal School, in charge. She has had wonderful success. The pupils are getting a good preparation in the one course we were able to offer, and in the one year which is carried on.

An interesting spelling match was given between the Washington High School pupils and a select group of the same number from a near by high school, and the Washington pupils won. I have just received word from the State Department of Education that the Washington High School stood above the state median and above the standard in certain tests given to all high schools in the state. So we may feel certain that, in so far as that school offers classes, it is doing fine work, and we are fortunate in having a high school so near at hand.

Respectfully submitted,

A. A. HOLDEN,

Supt. of Schools.

Vital Statistics of the Town of Windsor, N. H. for the Year ending December 31, 1927
